Invitation for Workshop Resource Person-reg.

HOD Civil <aietcivil08@aiet.org.in>

Fri, Dec 15, 2023 at 3:57 PM

To: gowri.shenoy@manipal.edu

Cc: HOD Civil <aietcivil08@aiet.org.in>, surendra@aiet.org.in

Respected Madam ,

We are scheduling a workshop on Architecture for our Civil Engg students during 22nd and 23rd December 2023. It would be an honor for us to have you as a resource person for this workshop on Architecture. Kindly confirm your availability at your earliest convenience. If you have any specific requirements or clarifications, please let us know.

--

Thanks & Regards

Dr. H. Ajith Hebbar, *Ph.D (Envi.), M.Sc. (Engg. by Research), B.E..(Civil Engg.), MISTE, ICI.*

Professor and Head, Department of Civil Engineering.

VISION OF THE DEPARTMENT

To become a leader in the field of Civil Engineering by imparting quality education in developing highly competent manpower and promote research to meet the current and future challenges in Civil Engineering.

MISSION OF THE DEPARTMENT

- To impart knowledge by creating conducive teaching-learning environment.
- To produce civil engineers of high caliber, technical skills and ethical values, to serve the society.
- To promote innovation in the minds of future engineers to face the challenges.

Surendra P <surendra@aiet.org.in>

Dear Sir,

With the continuation of trailed mail, I confirm my availability to be part of your workshop and request you to give me a hard copy of the Attendance and Acknowledgment letter along with a certificate (soft copy) to submit to my college.

Thanks&Regards,
Ar.Gowri Shenoy,
Asst.Prof(Senior Scale)
MSAP,
Manipal

Subject: Re: Invitation for Workshop Resource Person-reg.

Dear Ms. Gowri Shenoy,

With reference to the trail email, you are permitted to avail SPCL and attend as a resource person in an interdisciplinary workshop in Alvas college of engineering , Mijar, Mangalore on 22 nd and 23 rd December 2024.

Kindly submit the hardcopy of the leave application, also request you to kindly submit attendance/ acknowledgment letter after the completion of the same for office records.

Thanks & Regards,

Surendra P <surendra@aiet.org.in>

Dear sir ,

It's a great pleasure to hear from you. I hereby acknowledge the receipt of your mail. The 23rd of Dec 2023 is fine with me .

I wish to inform you that we will have a workshop on floded plate large span structures , origami structures. Also I'm trying to rope in a consultant for BIM workshop. Will confirm on the same shortly.

Workshop Report: "From Concept to Construction - Mastering Architectural Design"

Date: 22nd and 23rd December 2023

Time: 9:00 AM to 5:00 PM

Venue: Alva's Institute of Engineering and Technology, Civil Engineering Department, Civil Seminar Hall.

Coordinator: Mr. Surendra P, Assistant Professor

Inauguration:

The "From Concept to Construction - Mastering Architectural Design" workshop, organized by the Civil Engineering Department of Alva's Institute of Engineering and Technology on 22nd and 23rd December 2023, commenced with an insightful inauguration on the first day at 9:30 AM. Distinguished guests, including Ar. Gowri Shenoy B., Dr. Divakar Shetty (Dean Academics), Dr. H. Ajith Hebbar (HOD Civil Engineering Department), and Mr. Surendra P. (Coordinator), graced the occasion. The inauguration was attended by 53 students, along with civil engineering faculties.

The traditional lamp lighting ceremony marked the official initiation of the workshop. Dr. H. Ajith Hebbar emphasized the importance of the Certification Course initiated in 2019, highlighting its weekend structure that enables students to learn two courses per semester. He encouraged participants to leverage this opportunity, stressing the significance of architectural design in the field of civil engineering. Dr. Divakar Shetty (Dean Academics) underscored the advantage of additional courses and expressed his wish for active student participation, acknowledging the workshop's contribution to industry awareness.

Photo 3: Dr. Divakar Shetty Addressing the Participants

Photo 4: Second Day Resource Person on Stage.

Workshop Overview:

The workshop aimed to provide students with comprehensive insights into architectural design, covering the journey from conceptualization to the practical construction phase. The resource persons for the workshop were Ar. Gowri Shenoy B., Senior Assistant Professor at MAHE, Manipal, and Ar. Sunil Kumar, Associate Professor at RNS School of Architecture, Bangalore, and Member of Design Hub Bangalore.

Day 1 Highlights:

The first day commenced with an inauguration ceremony, followed by introductory sessions on the importance of architectural design in civil engineering. Ar. Gowri Shenoy B, as the resource person, guided students in noting key architectural elements such as texture, aesthetics, color, and encouraged them to sketch buildings, emphasizing various architectural aspects, including landscape architecture concepts.

Day 2 Highlights:

The second day delved into in-depth discussions and hands-on activities related to architectural design. Ar. Sunil Kumar G. led a comprehensive session on folded structure architectural aspects, providing valuable insights into the theory and application of folded structures in modern architecture. He elaborated on the intricacies of folded plate structures, showcasing their relevance and versatility in contemporary designs. The engaging session included practical demonstrations of scaled-down models, enabling students to visualize and comprehend the complexities of architectural design.

Photo 5: Students involved in modeling the Folded Structure

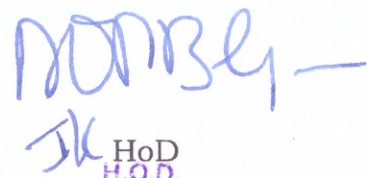

Photo 5: Students involved in modeling the Folded Structure

Conclusion:

The two-day workshop proved to be an enriching experience, offering participants a solid foundation in mastering architectural design. The combination of theoretical knowledge and practical demonstrations by the resource persons contributed to the event's overall success. Positive feedback from participants highlighted the workshop's effectiveness in enhancing their understanding of architectural design principles, including landscape architecture and folded plate structures.
